Re: Notice Regarding Recall of Certain Products Containing Lead
(CAS# 7439-92-1)

Dear TSCA Section 8(e) Coordinator:

On September 21, 2007, Target Corporation ("Target") filed a Notice to inform the U.S. Environmental Protection Agency ("EPA") of information concerning certain recalled products which Target has learned contain lead (Pb, CAS Registry Number 7439-92-1) at levels previously unknown to Target and which are in excess of certain standards established by the U. S. Consumer Product Safety Commission ("CPSC"). A copy of the Notice letter is attached.

The Notice related to toys Target carried, including a line known as Kool Toyz. Laboratory testing of the products cited in the Notice were included with the Notice, however, I have noted that one re-test for one product, Kool Toyz Tiny Playground/Fantasyland Train Ride Playset in two assortments (DPCI#086/10/0048) was not included in the submittal. Attached you will find a "Satisfactory" laboratory re-test for that product, dated May 25, 2004. Please add this re-test to the submittals I sent with the Notice on September 21, 2007.

Target is submitting this Notice and the enclosures voluntarily because EPA has expressed an interest in receiving such information; however, Target has not concluded that the information provided reasonably supports the conclusion that the substances or products discussed present a substantial risk of injury to health or the environment.

Re: Notice Regarding Recall of Certain Products Containing Lead
(CAS# 7439-92-1)

Dear TSCA Section 8(e) Coordinator:

Target Corporation ("Target") is filing this Notice to inform the U.S. Environmental Protection Agency ("EPA") of information concerning certain recalled products which Target has learned contain lead (Pb, CAS Registry Number 7439-92-1) at levels previously unknown to Target and which are in excess of certain standards established by the U. S. Consumer Product Safety Commission ("CPSC").

This Notice relates to the Anima Bamboo, Kool Toyz and Little Tikes products identified in the enclosed press releases issued by the CPSC. Also enclosed are copies of test reports pertinent to the Anima Bamboo and Kool Toyz products. Target does not have similar data concerning the LittleTikes products. Target was advised of the possible presence of lead in these products and of the recall of these products by the vendor, The Little Tikes Co.

This Notice and the enclosed press releases and data are consistent with information previously submitted to the CPSC by Target or The Little Tikes Co. The information concerning the presence of lead in these products is known to EPA on the basis of the announcements in the media, including the press releases enclosed.

Target is submitting this Notice and the enclosures voluntarily because EPA has expressed an interest in receiving such information; however, Target has not concluded that the information provided reasonably supports the conclusion that the substances or products discussed present a substantial risk of injury to health or the environment.
